EYES HAVE EVER SEEN
- Christopher Columbus

WELCOME TO THE DOMINICAN REPUBLIC

Welcome to our Island! Inevitably, your initial emotion will be the same as that of Christopher Columbus upon his first setting eyes on this exquisite oasis of natural beauty; utter astonishment.

With its incomparable, unexplored beaches and exotic foliage, the Dominican Republic offers the ideal vacation experience; not only does it boast year round tropical sunshine, but also a variety of contrasting natural environments. You can either; bathe in its turquoise crystal clear warm oceans and curl your toes in the never-ending white sand beaches or adventurously explore its tropical jungles, ice cold rivers and exotic mountain range, or do it all!

PUERTO PLATA

Due to the effects the sun made on the water as he approached it, on the North Coast of the Island Puerto Plata or “port of silver” was given its name by Christopher Columbus. Walking through the town of Puerto Plata you will experience and enjoy the everyday life of the locals with their colorful roadside shops offering anything from beautiful Amber and Larimar jewelry to local traditional souvenirs. Take the opportunity to sit in the park, sip from a fresh coconut, visit one of the historic sites and bask in the warm hospitable nature of the Puertoplatenos making this a truly unforgettable experience.

PUNTA CANA

If the Dominican Republic is known for its beautiful beaches, clear ocean waters and sunny blue skies, then Punta Cana is the culmination of all that is perfect about the island. Punta Cana is part of the newly created Punta Cana-Bavaro-Veron-Macao municipal district in La Altagracia, the easternmost province of the Dominican Republic. The area is best known for its long stretches of white sandy beaches and turquoise Caribbean waters. This popular destination is bordered to the north by the village and beach of Cabeza de Toro and the Bavaro and El Cortecito beaches famous for their pristine beauty. Because of its beauty, Punta Cana-Bavaro has attracted a group of mega-resorts which provide an eclectic variety of architecture and interior design inspired by Spanish, Mexican and native Dominican cultures.

Areas bordering Punta Cana include Cap Cana to the south and the original tiny fishing-village of Cabo San Rafael. A 330 foot high cliff is located more to the south, near the town of Boca de Yuma, a fishing village dated from the 16th century. Nearby, you can find the Ponce de Leon’s Fortress, in the town of San Rafael del Yuma.
